

# What is the difference between Environmental Health and Environmental Protection?

Online URL:

<http://www.gov.bm.knowledgebase.co/article/what-is-the-difference-between-environmental-health-and-environmental-protection>

Environmental Health is focused on protecting public health by managing environmental conditions e.g. housing conditions, food & beverage safety, water & sewage, workplace safety, hazardous substances (including asbestos and radiation), nursery schools, pest control, tattoo parlours etc etc. Environmental Protection is focused on preserving the health of the environment and managing the natural resources of the country.
